Teaching and Learning Professional Development Certificate Mini-Course

About the Course

In this professional development certificate mini-course, faculty will experience teaching practices designed to improve student learning. In interactive online sessions, participants will read, discuss, and apply a variety of teaching techniques as active participants in the course. Exploring concepts and information introduced in the course, participants will develop a teaching demonstration (non-lecture-based) that could be taught in a college course.

Professional development for your staff

This course is available to all faculty across disciplines seeking to strengthen their teaching techniques.

Sessions and goals

1. **Backward Design**
   Understand the principles of backward design to develop course goals and learning outcomes to improve course alignment.

2. **Equity and Inclusivity**
   Understand ways to improve inclusive learning environments.

3. **Authentic Assessment**
   Learn strategies to monitor students learning and provide feedback during class time.

4. **Creating an Active Learning Environment**
   Experience and practice developing classroom opportunities for students to actively develop practical skills

5. **Teaching demonstration**
   Create an active (non-lecture-based) classroom activity and teach it to the group.

Session Dates 5-7 PM (US Pacific Time):

Session 1 April 20
Session 2 April 27
Session 3 May 4
Session 4 May 11
Session 5 May 18

Requirements

The program will be conducted in English. To achieve the best outcomes, participants must be confident in understanding and communicating, discussing and presenting in English.

Participants should have a reliable internet connection and access to the Zoom platform.

Program will be delivered in 5-7 PM US Pacific Daylight Time (8-10 AM Hong Kong)

Fee

Program fee is USD $350, limited full scholarships and discount rate available. Please inquire for more information.
